## STATEWIDE CONTRACT HISTORY

The following summarizes actions related to this Notification of Statewide Contract since its initial issuance. Any and all revisions have been incorporated into the attached document.

Contract Period	Issue Date	Summary of Changes
6/1/06-5/31/07	05/24/06	<b>Renewal of all Contracts. Changed Buyer Information on page one.</b>
6/1/05-5/31/06	06/17/05	Renewal of all Contracts. Changed address for Environmental Restoration LLC (C302046002).
6/1/04-5/31/05	6/16/04	Renewal of all Contracts.
6/1/03-5/31/04	4/21/03	Renewal of all Contracts.
6/1/02-5/31/03	10/17/02	Changed the buyer for this contract.
6/1/02-5/31/03	5/23/02	Initial issuance of new statewide contract

## **Instructions to State Agencies for Hazardous Substance Cleanup and Disposal Services**

A listing of the counties in which each contractor provides hazardous substance cleanup and disposal services is provided below.

**Haz-Mat Response (C302046001)** serving Adair, Atchison, Audrain, Barry, Barton, Bates, Benton, Buchanan, Caldwell, Callaway, Camden, Carrol, Cass, Ceder, Chariton, Christian, Clay, Clinton, Cole, Dade, Dallas, Davies, Dekalb, Gentry, Greene, Grundy, Harrison, Henry, Hickory, Howard, Jackson, Jasper, Johnson, Knox, Laclede, Lafayette, Lawrence, Linn, Livingston, Macon, Maries, McDonald, Mercer, Miller, Monitaeu, Monroe, Morgan, Newton, Nodaway, Osage, Pettis, Polk, Putnam, Randolph, Ray, St Clair, Saline, Schuyler, Shelby, Stone, Sullivan, Taney, Vernon, Webster, Worth, and Wright counties.

**Environmental Restoration, LLC (C302046002)** serving the entire state.

**Sunbelt Environmental Services (C302046003)** serving Barry, Barton, Benton, Boone, Butler, Camden, Carter, Cedar, Christian, Cole, Crawford, Dade, Dallas, Dent, Douglas, Dunklin, Greene, Henry, Hickory, Howell, Iron, Jasper, Laclede, Lawrence, Maries, McDonald, Miller, Mississippi, Moniteau, Morgan, New Madrid, Oregon, Osage, Ozark, Pemiscott, Phelps, Polk, Pulaski, Reynolds, Ripley, St. Clair, Scott, Shannon, Stoddard, Stone, Taney, Texas, Vernon, Wayne, Webster, and Wright counties.

### **1. General Instructions**

1.1 The state agency shall provide an On-Site Coordinator (OSC) to supervise each cleanup project. The OSC shall be responsible for the following:

- a. Determining the day(s) and time(s) the contractor shall provide services,
- b. Supervision and approval or disapproval of the contractor's cleanup procedures,
- c. Supervision and approval or disapproval of all equipment, materials, personnel, and/or related services and procedures provided by the contractor,
- d. Ordering of any additional equipment, materials, and/or services requested by the contractor,
- e. Stop work orders for the safety of the contractor and/or the environment or due to violation of safety regulations by the contractor or the contractor's personnel/subcontractors,
- f. Review of the contractor's daily costs as reported in the contractor's daily record, and
- g. Determination of project completion and emergency and non-emergency status, as described herein.

1.2 If your state agency encounters any problems or has any questions, contact the buyer at the address and phone number as stated on page one of this notice.

### **2. Non-Emergency Services**

2.1 Initial contact to contractor(s) for services – When a state agency identifies a need for a non-emergency hazardous substance cleanup and disposal, the state agency shall: (1) contact the contractor for a work plan for the non-emergency hazardous substance cleanup and disposal project and (2) provide information to the contractor regarding the project site upon which hazardous substance cleanup and disposal is required.

- a. In the event a project site is located within a county served by more than one contractor, the state agency shall contact each contractor for a project estimate. The contractor with the lowest project cost shall be utilized for that particular hazardous substance cleanup and disposal project.

2.2 All other requirements of the state agency's related to the contract including the work plan development, approval, modification, authorization to proceed, etc., are included throughout the attached document.

### **3. Emergency Services**

3.1 The determination of a hazardous substance emergency rests solely with the Department of Natural Resources (DNR). DNR shall utilize the definition of "hazardous substance emergency", as provided in RSMo Chapters 260.500, in making such determination.

3.2 All other requirements of the state agency's related to the contract are included throughout the attached document.

## **Contract Terms**

### **1. General Requirements:**

- 1.1 The contractor shall provide for the cleanup and disposal of hazardous substances for any state agency of the State of Missouri in accordance with the provisions and requirements specified herein.
- 1.2 The contractor shall provide services on an as needed, if needed basis. The State of Missouri does not guarantee any usage of the contract whatsoever. However, any state agency needing the services shall be required to use the contract unless an exemption is granted by the Division of Purchasing and Materials Management.
  - a. In addition, the contractor shall agree and understand that the contract shall not be construed as an exclusive arrangement and if it is in the best interest of the State of Missouri and approved by the Division of Purchasing and Materials Management, a state agency may obtain alternate services elsewhere.
- 1.3 Since multiple contracts exist, the state agency shall determine which contractor's services shall be utilized based on the counties served by the contractor and the contractor's cost.
- 1.4 The contractor must comply with all applicable provisions of RSMo 260.500 through 260.550 in regards to the cleanup of hazardous substances.
  - a. In accordance with RSMo 260.500, the contractor shall conduct "all actions necessary to contain, collect, identify, analyze, clean up, treat, disperse, remove, or dispose of a hazardous substance".
  - b. In addition to the hazardous substances identified in RSMo 260.500, the contractor shall agree and understand that for the purpose of the contract, radioactive materials, wastes, emissions, or discharges that are released in any manner shall also be considered a hazardous substance.
- 1.5 The contractor shall provide the cleanup and disposal of hazardous substances which are, or are at the risk of, being emitted, discharged, spilled, leaked, pumped, poured, emptied, dumped, or released in any manner into or onto the land, underground, air, or waters of the State of Missouri. In addition, the contractor shall provide the cleanup and disposal of hazardous substances which are discovered in, on, or about containers, buildings, or any other location where such hazardous substances may appear.

### **2. Personnel Requirements:**

- 2.1 If requested by the state agency, the contractor shall furnish an on-site project manager who is knowledgeable of hazardous substances and has experience in providing the cleanup and disposal of hazardous substances comparable to the services described herein.
- 2.2 The contractor shall provide additional personnel as necessary to successfully provide the cleanup and disposal services described herein. The contractor's personnel shall have experience to carry out instructions provided by the project manager.
- 2.3 The contractor must have, maintain, and enforce an established health and safety training program for all personnel who provide services in accordance with the terms of the contract.
  - a. The contractor's safety training program must, at a minimum, satisfy the safety guidelines and regulations set forth by the Occupational Safety and Health Administration (OSHA) Safety Guidelines and Regulations.

### **3. Non-Emergency Service Requirements:**

- 3.1 The contractor shall provide the cleanup and disposal of hazardous substances on a non-emergency basis when a hazardous substance situation exists which requires action sometime in the future. Time is not a critical factor. The contractor's required response time may range from a few days to a few weeks as stipulated by the state agency. The determination of a non-emergency situation rests solely with the state agency.

3.2 When a state agency identifies a non-emergency hazardous substance project, the state agency shall contact the contractor who shall provide the following services:

- a. The contractor shall develop a written work plan which describes in detail the manner in which the contractor proposes to address the non-emergency services required by the state agency.
  - 1) The contractor should visit the state agency project site in order to obtain a comprehensive understanding of the hazardous substance situation.
  - 2) The contractor shall include in the work plan a description of how, when, by whom, with what, and to what degree the contractor proposes to satisfy the requirements set forth in each non-emergency hazardous substance project, as well as the contractor's safety plan for the non-emergency hazardous substance project.
  - 3) The contractor's written work plan shall be subject to review and approval of the state agency. If requested by the state agency, the contractor shall modify and/or provide additional information in the written work plan.
- b. The contractor shall develop a guaranteed not-to-exceed total project price for each non-emergency hazardous substance project presented by the state agency.
  - 1) The individual unit price components of the guaranteed not-to-exceed total project price shall not exceed the firm, fixed unit prices stated on the Pricing Pages and the price list/catalog for the non-emergency services.
  - 2) The state agency reserves the right to request lower prices than those stated in the guaranteed not-to-exceed total project price if, in the state agency's opinion, a specific non-emergency hazardous substance project merits such a request.

3.3 Upon the state agency's approval of the written work plan and the guaranteed not-to-exceed total project price, the contractor shall provide the non-emergency services at the location, at the time, and in accordance with the instructions specified by the state agency and the work plan.

- a. The contractor shall provide the equipment, supplies, labor, and support services needed to complete the non-emergency services.
  - 1) If requested and/or when approved by the OSC, the contractor shall provide stand-by equipment, supplies, labor, and support services to complete the non-emergency services.
- b. The contractor shall maintain a complete daily record of all labor, equipment, materials, and subcontracted services and expenses, if any, incurred in the performance of the non-emergency services.
  - 1) The contractor shall submit a draft copy of the daily record to the OSC by no later than noon of the following workday, unless otherwise specified.
- c. If, after working on the non-emergency hazardous substance project, it is determined by the contractor, and agreed upon by the OSC, that the written work plan needs or will need modification, the contractor shall submit all changes in writing to the OSC along with any changes to the guaranteed not-to-exceed total project price.
  - 1) The contractor shall acquire the approval of the OSC prior to implementing any proposed changes.
- d. The contractor shall agree and understand that the OSC shall determine when the non-emergency hazardous substance project is complete.
  - 1) The contractor shall provide any additional services requested by the OSC.

3.4 Upon project completion, the contractor must submit an affidavit that all hazardous substances removed from a hazardous substance project site have been properly and legally transported and destroyed or disposed.

#### **4. Emergency Service Requirements:**

4.1 The contractor shall provide the cleanup and disposal of hazardous substances on an emergency basis when a hazardous substance situation exists which requires immediate action. Time is a critical factor. The contractor must initiate a response to the hazardous substance emergency within one hour.

- a. The determination of a hazardous substance emergency rests solely with the Department of Natural Resources (DNR). DNR shall utilize the definition of "hazardous substance emergency", as provided in RSMo Chapters 260.500, in making such determination.

4.2 The contractor's emergency services must be available on a twenty-four (24) hours per day, seven (7) days per week basis, as needed.

4.3 Upon notification by DNR of a hazardous substance emergency, the contractor shall provide emergency services in accordance with the following:

- a. The contractor shall respond to hazardous substance emergencies immediately, in accordance with the instructions provided by DNR.
- b. The contractor shall provide the equipment, supplies, labor, and support services needed to complete the services.
  - 1) The contractor may utilize the services of subcontractors, if needed to expedite the response.
  - 2) If requested and/or when approved by the OSC, the contractor shall provide stand-by equipment, supplies, labor, and support services to complete the services required.
- c. If the situation allows, the contractor shall discuss with the OSC, prior to implementation of the emergency services, the safety measures to be utilized in the performance of the emergency services.
  - 1) The contractor shall document the safety measures actually performed and submit such documentation to the OSC upon project completion.
- d. The contractor shall maintain a complete daily log of all labor, equipment, materials, and subcontracted services and expenses, if any, incurred in the performance of the emergency services.
  - 1) The contractor shall submit a copy of the daily log sheets to the OSC by no later than noon of the following work day, unless otherwise specified.
- e. The contractor shall agree and understand the OSC shall determine when the emergency hazardous substance project is complete.
  - 1) The contractor shall provide any additional services requested by the OSC.

4.4 Upon project completion, the contractor must submit an affidavit that all hazardous substances removed from a hazardous substance project site have been properly and legally transported and destroyed or disposed.

4.5 In the event of a release of natural gas or natural gas mixtures, by or from intrastate facilities, regardless of the quantity, the contractor shall follow the notification and reporting procedures set forth by the Public Service Commission rather than the notification and reporting procedures identified in RSMo Chapters 260.500 through 260.550. Furthermore, the contractor shall agree and understand that interstate facilities shall report natural gas releases within the State of Missouri to the State of Missouri and the National Response Center in accordance with the Federal Department of Transportation regulatory requirements.

## **5. Additional Requirements:**

- 5.1 Within thirty-five (35) days after the contractor has removed the hazardous substances, the contractor shall dispose of all collected hazardous substances at hazardous waste treatment, recycling, storage, or disposal facilities (also known as Treatment, Storage, and Disposal Facility (TSDF) having all required permits or at Missouri Certified Resource Recovery facilities that have approval to accept the hazardous substances.
- a. In the event the TSDF does not or is unable to dispose of the hazardous substance, the contractor shall pick-up the hazardous substance and transport such to another TSDF at no cost to the state agency.
- 5.2 Within thirty-five (35) days after the date the hazardous substances were removed by the contractor, the contractor shall ensure that a Hazardous Waste Manifest has been returned to the state agency.
- 5.3 For each project completed by the contractor, the contractor shall provide a complete report of all on-site activities to the state agency by no later than thirty (30) calendar days following completion of the project. The contractor's report shall include, but is not necessarily limited to, the following items, as applicable:
- a. Written narrative of all site activities,
  - b. Project start and completion dates,
  - c. Equipment used including dates and number of hours used,
  - d. Labor classifications used including dates and number of hours used,
  - e. Site drawings and maps,
  - f. Well driller logs,
  - g. Expendable supplies used,
  - h. Waste manifests,
  - i. Landfill receipts,
  - j. Digrite confirmation information,
  - k. Laboratory results and chain of custody sheets from samples collected,
  - l. OSC approved daily log sheets,
  - m. Professional services reports,
  - n. Photographs,
  - o. Any subcontractor developed reports, and
  - p. Other information as requested by the OSC.
- 5.4 The contractor shall include a project name and number in all documents related to each specific project. The name and number shall be provided at the time of notification by the state agency.
- 5.5 Unless otherwise specified herein, the contractor shall furnish all material, labor, facilities, equipment, and supplies necessary to perform the services required herein.

## **6. Payment and Invoicing Requirements:**

- 6.1 The contractor shall submit a monthly-itemized invoice to the state agency's OSC for the services actually provided during the month.
- a. Labor: The invoice must itemize the quantity of services performed by each labor classification and the applicable firm, fixed unit price stated in the contract less any percentage discount stated on the Pricing Page.
  - b. Equipment: The invoice must itemize the equipment used and number of hours, days, and/or weeks each piece of equipment was used during the invoiced period and the applicable firm, fixed unit price stated in the contract less any percentage discount stated on the Pricing Page.
  - c. If the project site is located more than 50 miles from the contractor's facility, the contractor must identify each member of the contractor's staff located at the project site and the number of days each were located at the project site.

- d. The contractor shall identify any subcontracted services utilized by the contractor during the invoiced period. The contractor shall include a copy of any invoices for subcontracted services with the contractor's invoice.
- e. The contractor must submit a copy of the daily records with the contractor's invoice.
- f. The contractor may invoice for less than the firm, fixed unit prices stated on the Pricing Page and/or price list/catalog, but in no event, shall the contractor invoice for more than the firm, fixed unit prices stated on the Pricing Page and/or price list/catalog.

6.2 Non-Emergency Services: For labor and equipment provided by the contractor, the contractor shall be paid the applicable firm, fixed price stated in the contract less any percentage discount stated on the Pricing Page.

- a. Labor: The contractor shall be paid for personnel time on-site and for time spent in the development of the written work plan. The contractor shall also be paid the applicable firm, fixed price per hour for time spent traveling to and from the project site.
- b. Equipment: The contractor shall be paid for equipment usage while on-site. The contractor shall also be paid for the time that the equipment is on stand-by as approved by the OSC. In addition, the contractor shall be paid the applicable firm, fixed price per mile for transportation of equipment to and from the project site.
- c. For each day and for each member of the contractor's staff located at a project site that is located more than 50 miles from the contractor's facility, the contractor shall be paid the firm, fixed per person, per day price as stated on the Pricing Page for all lodging, food, and related expenses.
- d. The contractor shall be reimbursed for all documented subcontracted services and/or equipment plus the percentage over net cost as specified on the Pricing Page.
- e. The state agency shall retain 25 percent of the amount of each monthly invoice. The state agency shall pay the accumulated retainment to the contractor upon receipt of the Hazardous Waste Manifest and the state agency's acceptance of the services provided. The total payment to the contractor for the project shall not exceed the guaranteed not-to-exceed total project price stated in the work plan.

6.3 Emergency Services: For labor and equipment provided by the contractor, the contractor shall be paid the applicable firm, fixed price stated in the contract less any percentage discount stated on the Pricing Page.

- a. Labor: The contractor shall be paid for personnel time on-site. In the event the contractor's services are required for less than four hours on-site, the contractor shall be paid for four (4) hours on-site. The contractor shall also be paid the applicable firm, fixed price per hour for time spent traveling to and from the project site.
- b. Equipment: The contractor shall be paid for equipment usage while on-site. In the even the contractor's services are required for less than four (4) hours on-site, the contractor shall be paid for four (4) hours on-site. The contractor shall also be paid for the time that the equipment is on stand-by as approved by the OSC. In addition, the contractor shall be paid the applicable firm, fixed price per mile for transportation of equipment to and from the project site.
- c. For each day and for each member of the contractor's staff located at a project site that is located more than 50 miles from the contractor's facility, the contractor shall be paid the firm, fixed per person, per day price as stated on the Pricing Page for all lodging, food, and related expenses.
- d. The contractor shall be reimbursed for all documented subcontracted services and/or equipment plus the percentage over net cost as specified on the Pricing Page.

- e. The state agency shall retain 25 percent of the amount of each invoice. The state agency shall pay the accumulated retainment to the contractor upon receipt of the affidavit that all hazardous substances have been legally destroyed or disposed of and the state agency's acceptance of the services provided.

6.4 Other than the payments specified above, no other payments or reimbursements shall be made to the contractor.

## **7. Other Contractual Requirements:**

7.1 Contract Period: The original contract period shall be as stated in the Request for Proposal (RFP). The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Division of Purchasing and Materials Management shall have the right, at its sole option, to renew the contract for four (4) additional one-year periods, or any portion thereof. In the event the Division of Purchasing and Materials Management exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during the renewal period, pursuant to applicable option clauses of this document.

7.2 Transition: Upon expiration, termination, or cancellation of the contract, the contractor shall assist the state agency to insure an orderly transfer of responsibility and/or the continuity of those services required under the terms of the contract to an organization designated by the state agency, if requested in writing. The contractor shall provide and/or perform any or all of the following responsibilities:

- a. The contractor shall deliver, FOB destination, all records, documentation, reports, data, recommendations, or printing elements, etc., which were required to be produced under the terms of the contract to the state agency and/or to the state agency's designee within seven (7) days after receipt of the written request.
- b. The contractor shall agree to continue providing any part or all of the services in accordance with the terms and conditions, requirements and specifications of the contract for a period not to exceed sixty (60) calendar days after the expiration, termination or cancellation date of the contract for a price not to exceed those prices set forth in the contract.
- c. The contractor shall discontinue providing service or accepting new assignments under the terms of the contract, on the date specified by the state agency, in order to insure the completion of such service prior to the expiration of the contract.

7.3 Contractor Liability: The contractor shall be responsible for any and all injury or damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition to the liability imposed upon the contractor on account of personal injury, bodily injury (including death), or property damage suffered as a result of the contractor's negligence, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.

- a. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
- b. However, the contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.

7.4 Contractor Status: The contractor represents himself or herself to be an independent contractor offering such services to the general public and shall not represent himself/herself or his/her employees to be an employee of the State of Missouri. Therefore, the contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.

7.5 Substitution of Personnel: The contractor agrees and understands that the State of Missouri's agreement to the contract is predicated in part on the utilization of the specific individual(s) identified in the proposal. Therefore,

the contractor agrees that no substitution of such specific individual(s) and/or personnel qualifications shall be made without the prior written approval of the state agency. The contractor further agrees that any substitution made pursuant to this paragraph must be equal or better than originally proposed and that the state agency's approval of a substitution shall not be construed as an acceptance of the substitution's performance potential. The State of Missouri agrees that an approval of a substitution will not be unreasonably withheld.

- 7.6 Coordination: The contractor shall fully coordinate all contract activities with those activities of the state agency. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the state agency or the Division of Purchasing and Materials Management throughout the effective period of the contract.
- 7.7 Property of State: All reports, documentation, and material developed or acquired by the contractor as a direct requirement specified in the contract shall become the property of the State of Missouri. The contractor shall agree and understand that all discussions with the contractor and all information gained by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports, documentation, or material prepared as required by the contract shall be released to the public without the prior written consent of the state agency.
- 7.8 Insurance: The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract.
- a. Therefore, the contractor shall maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any loss, damage, and/or expense related to his/her performance under the contract. The insurance coverage shall include, but shall not necessarily be limited to, general liability, professional liability, etc.
  - b. In addition, automobile liability coverage for the operation of any motor vehicle must be maintained if the terms of the contract require any form of transportation services. The limits of liability for all types of coverage shall not be less than (1) \$300,000 per person and (2) \$2,000,000 per occurrence.
  - c. The contractor shall provide written evidence of the insurance to the state agency. Such evidence shall include, but shall not necessarily be limited to: effective dates of coverage, limits of liability, insurer's name, policy number, endorsement by representatives of the insurance company, etc. Evidence of self-insurance coverage or of another alternate risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable. The evidence of insurance coverage must be submitted before or upon award of the contract. In the event the insurance coverage is canceled, the state agency must be notified immediately.
- 7.9 Commercial Drivers License: The contractor and the contractor's drivers who, in the provision of services under the contract: (1) operate any single vehicle with a Gross Vehicle Weight Rating (GVWR) of over 26,000 pounds or any combination vehicle with a Gross Combination Weight Rating of over 26,000 pounds provided the Gross Vehicle Weight Rating of the vehicle(s) being towed is in excess of 10,000 pounds, (2) operate any size vehicle which requires hazardous materials placards, (3) operate any vehicle designed to transport more than 15 persons (including the driver) transports more than 15 persons, or (4) engage in any other activity outlined in the Commercial Motor Vehicle Safety Act, must comply with all other requirements in the Commercial Motor Vehicle Safety Act. The contractor must submit proof or verification of compliance with such Act to the state agency no later than 30 calendar days after award of the contract.
- 7.10 Hazardous Materials Data Sheet and Labeling: The State of Missouri, Division of Purchasing and Materials Management, in accordance with the revised rules and regulations of the Occupational Safety and Health Administration (OSHA) requires that all hazardous chemicals and other appropriate commodities purchased by the State of Missouri must contain a material safety data sheet and warning labels with each shipment. Therefore, the contractor must comply with this mandatory requirement for all commodities which contain hazardous material. Failure to comply with this requirement may cause cancellation of the contract with goods returned at the contractor's expense as well as suspension from the solicitation list for future requirements.

- 7.11 Federal Funds Requirements: The contractor shall understand and agree that this procurement may involve the expenditure of federal funds. Therefore, pursuant to federal government requirements, all contracts, subcontracts, and subgrants of amounts in excess of \$100,000 shall contain a provision which requires compliance with all applicable standards, orders, or requirements issued under Section 306 of the Clean Air Act (42 U.S.C. 1857(h)), Section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR Part 15), which prohibit the use under non-exempt federal contracts, grants or loans of facilities included on the EPA list of Violating Facilities. The provision shall require reporting of violations to the grant or agency and to the U.S.E.P.A. Assistant Administrator for Enforcement (EN-329). Contractors shall recognize mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (P.L. 94-163).
- 7.12 Prevailing Wage Requirements: The contractor shall comply with Section 290.250 RSMo by paying, to all personnel employed for applicable services actually provided under the contract, not less than the prevailing hourly rate of wages as determined by the Department of Labor and Industrial Relations, Division of Labor Standards, specified in Annual Wage Order No. 8, (Incremental Increase 01/24/2002) for the awarded county(ies) as specified in the awarded contract.
- a. The contractor shall forfeit to the state agency ten dollars (\$10.00) for each person employed, for each calendar day, or portion thereof, such person is paid less than the prevailing hourly rate of wages for any applicable work done under the contract by the contractor or by any subcontractor under them (Section 290.250 RSMo).
  - b. In addition to the above, the contractor must comply with all other requirements pertaining to the payment of prevailing wages contained in Section 290.210 through 290.340, RSMo. The contractor is advised to review the requirements carefully prior to beginning work.
  - c. The prevailing wage rates incorporated as a part of this document by the annual wage order referenced above shall remain in effect for the duration of the contract, including renewal option periods, if any.
- 7.13 Surety Bond: The contractor must furnish a bond guaranteeing payment of all labor, suppliers and subcontractors providing equipment and/or services to the contractor as a part of the contract in accordance with the requirements of RSMo Section 107.170. The surety bond must be provided in the form of an original bond issued by a surety company authorized to do business in the State of Missouri (no copy or facsimile shall be acceptable) to the Office of Administration, Division of Purchasing and Materials Management within thirty (30) days after award of the contract and prior to performance of service under the contract or any installation of equipment. The bond must be made payable to the State of Missouri in the amount of \$50,000.00. The contract number and contract period must be specified in the bond. In the event the Division of Purchasing and Materials Management exercises an option to renew the contract for an additional period, the contractor shall maintain the validity and enforcement of the bond for the said period, pursuant to the provisions of this paragraph, in an amount stipulated at the time of contract renewal.
- 7.14 Cooperative Procurement Program - If the contractor has indicated agreement on the Pricing Page with participation in the Cooperative Procurement Program, the contractor shall provide comprehensive hazardous substance management services as described herein under the terms and conditions, requirements and specifications of the contract, including prices, to other government entities in accordance with the Technical Services Act (67.360 RSMo, which is available on the internet at: <http://www.moga.state.mo.us/statutes/c000-099/0670360.htm>.) The contractor shall further understand and agree that participation by other governmental entities is discretionary on the part of that governmental entity and the State of Missouri bears no financial responsibility for any payments due the contractor by such governmental entities.
- 7.15 Subcontractors: Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the State of Missouri and to ensure that the State of Missouri is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the State of Missouri and the

contractor. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein. The contractor must obtain acknowledgement from the State of Missouri prior to establishing any new subcontracting arrangements and before changing any subcontractors.

7.16 Minority Business Enterprise/Women Business Enterprise (MBE/WBE) Participation: The contractor must comply with the MBE/WBE participation levels committed to in the contractor's awarded proposal.

- a. The contractor shall prepare and submit to the Division of Purchasing and Materials Management periodic reports detailing all payments to MBE/WBEs participating in the contract. The report must include MBE/WBE payments for the reporting period. The report shall be submitted on a monthly basis unless otherwise determined by the Division of Purchasing and Materials Management.
- b. The Division of Purchasing and Materials Management and the Office of Equal Opportunity will monitor the contractor's compliance in meeting the MBE/WBE participation levels committed to in the contractor's awarded proposal. If the contractor's payments to participating MBE/WBEs are less than the amount committed to in the contract, the state may cancel the contract, suspend or debar the contractor from participating in future state procurements, or retain payments to the contractor in an amount equal to the value of the MBE/WBE participation commitment less actual payments made by the contractor to MBE/WBEs. If the Division of Purchasing and Materials Management determines that the contractor is in compliance with the MBE/WBE participation commitment, the state will release the retained funds.
- c. If a participating MBE/WBE fails to retain their certification or is unable to satisfactorily perform, the contractor must obtain other certified MBE/WBEs to fulfill the MBE/WBE participation requirements committed to in the contractor's awarded proposal. The contractor must provide written notification to the Division of Purchasing and Materials Management for any new MBE/WBE participants. The Division of Purchasing and Materials Management will verify that the proposed MBE/WBE has been certified by the Office of Equal Opportunity and will provide acknowledgement of the new MBE/WBE participant to the contractor.
- d. If the contractor cannot obtain a MBE/WBE replacement, the contractor must submit an Application for Waiver to the Division of Purchasing and Materials Management documenting all efforts made to secure an MBE/WBE replacement. The Division of Purchasing and Materials Management shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the participation of MBE/WBEs and whether the contract will be amended to change the MBE/WBE participation commitment.

- ◆ All rates are hourly unless noted differently.
- ◆ Emergency Response Rates are subject to a 4-hour minimum.
- ◆ Overtime will be charged for work performed before 0800 and after 1700hrs and for work over 8 hours in a day, over 40 hours in a week, and weekends.

**Pricing Page (continued)**

- ◆ Holidays will be charged as double time. New Years Day, Easter Day, Memorial day, 4<sup>th</sup> of July, Labor day, Thanksgiving Day, Christmas Day
- ◆ A per diem of \$99.75 per person per day will apply for out of town and overnight stays.
- ◆ IDLH & Levels A & B carry a surcharge of \$10.50 per person / per hour.
- ◆ Any response involving materials that are potential for detonation will reflect a double the stated rate billing.
- ◆ Jobs lasting more than 24 hours will be charged at the Emergency Rates for the first 24 hours and then at the Scheduled Rates for hours thereafter (Contract Customers Only).
- ◆ All Emergency Response jobs are billed portal-to-portal.
- ◆ Roll off box delivery is dependent on location. The cost of roll off liners is \$50.00 each, liners are not mandatory, but if the box requires cleaning at the end of the rental period, the customer will incur the cleaning charges.

- ♦ All rates are hourly unless noted differently.
- ♦ Emergency Response Rates are subject to a 4-hour minimum.
- ♦ Overtime will be charged for work performed before 0800 and after 1700hrs and for work over 8 hours in a day, over 40 hours in a week, and weekends.
- ♦ Holidays will be charged as double time. New Years Day, Easter Day, Memorial Day, 4<sup>th</sup> of July, Labor Day, Thanksgiving Day, Christmas Day
- ♦ A per diem of \$78.75 per person per day will apply for out of town and overnight stays.
- ♦ IDLH & Levels A & B carry a surcharge of \$10.50 per person / per hour.
- ♦ Any response involving materials that are potential for detonation will reflect a double the stated rate billing.
- ♦ Jobs lasting more than 24 hours will be charged at the Emergency Rates for the first 24 hours and then at the Scheduled Rates for hours thereafter (Contract Customers Only).
- All Emergency Response jobs are billed portal-to-portal.
- Roll off box delivery is dependent on location. The cost of roll off liners is \$50.00 each, liners are not mandatory, but if the box requires cleaning at the end of the rental period, the customer will incur the cleaning charges.

**Other Expenses and Definitions:**

**Lodging, Food and Related Expenses:** Shall be billed at \$99.75 per person, per day

**MBE Subcontracts:** Shall equal 20% of the total dollar value of the contract

**WBE Subcontracts:** Shall equal 10% of the total dollar value of the contract

**Percentage Over Net Cost for Subcontracted Services:** Formula for calculating the total price for subcontracted services, and for additional equipment, materials, and/or supplies - cost plus 10%. No other fees, charges, or hidden commissions shall be allowed or reimbursed.

**Notes:**

- Charges are portal to portal.*
- Daily equipment rates are based on 12 hour shift use. Utilization for multiple shifts per day will result in repeated charges.*

**Other Expenses and Definitions:**

**Lodging, Food and Related Expenses:** Shall be billed at \$78.40 per person, per day

**MBE Subcontracts:** Shall equal 20% of the total dollar value of the contract

**WBE Subcontracts:** Shall equal 10% of the total dollar value of the contract

**Percentage Over Net Cost for Subcontracted Services:** Formula for calculating the total price for subcontracted services, and for additional equipment, materials, and/or supplies - cost plus 7.5%. No other fees, charges, or hidden commissions shall be allowed or reimbursed.

1500 Gallon Poly Tank	8.00 per day
2000 Gallon Poly Tank	10.00 per day
Super Sacks (2000 lb. capacity)	46.00 per sack
560 gallon Metal Containment Tank	8.00 per day
10,000 gallon Frac Tank	50.00 per day
	260.00 per week
25 cu. yd. Sludge Roll Off Box	27.00 per day
	150.00 per week

**GRANULAR ACTIVATED CARBON WATER TREATMENT SYSTEM:**

500 GALLON GAC TREATMENT TRAILER:

0 - 10,000 gallons	0.72 per gallon
10 - 30,000 gallons	0.49 per gallon
>30,000 gallons	0.38 per gallon
Transportation outside 100 mile radius	0.55 per mile

**DRILLING SERVICES/EQUIPMENT:**

Geoprobe Services	1,330.00 per day
	780.00 half day
Transportation outside 100 mile radius	0.61 per mile
Mobile Drill Rig	84.00 per hour
Transportation	1.95 per mile
Support vehicle	55.00 per day
Transportation	.44 per mile
Bentonite Chips	8.00 per bag
Bentonite Grout	19.00 per bag

**SAMPLING EQUIPMENT AND SUPPLIES:**

Conductivity/TDS Meter	30.00 per day
Flash Test	35.00 per test
Air Sampling Calibration Kit	30.00 per day
Air Sampling Pump (low volume)	35.00 per day
Air Sampling Pump (high volume)	25.00 per day
HMX and AMX Explosimeter	45.00 per day
pH Meter	45.00 per day
Photoionization Detector (HNu)	125.00 per day
Jerome Meter	150.00 per day
Sensidyne Sample Pump	20.00 per day
Water Level Indicator	20.00 per day
Water Level Indicator (Dual Phase)	30.00 per day
1L Glass Sample Jar	4.00 per jar
1L Plastic Sample Bottle	3.00 per bottle
Down-Well Sample Pump	80.00 per day

**Pricing Page (continued)**

**SAMPLING AND EQUIPMENT SUPPLIES (Continued)**

250 ml. Plastic Sample Bottle	2.00 per bottle
9 oz. Glass Sample Jar	3.50 per jar
4 oz. Glass Sample Jar	3.00 per jar
40 mil VOA Vial	5.00 per vial
Bailer, weighted, ball 1.5"	14.00 per bailer
Bailer, weighted, ball 3/4"	17.00 per bailer

**SPILL CLEANUP EQUIPMENT FOR WATERWAYS:**

21 ft. Future Craft 155hp	250.00 per day
14 ft. Aluminum Water Craft 10 hp outboard	82.00 per day
Oil Skimmer 70 GPM	390.00 per day
Oil Skimmer 10 GPM	220.00 per day
Hard Boom	50.00 per day

**PERSONAL PROTECTIVE EQUIPMENT:**

Standard PPE (Hard Hat, Safety Shoes, Orange Vest and Safety Glasses)	NO CHARGE
Steel-Toed and Shank Rubber Boots	7.00 per day
Leather gloves	6.00 per pair
Brown Jersey gloves	3.00 per pair
Two Tone Neoprene gloves	3.00 per pair
Surgical/N-Dex gloves	.50 per pair
Ear plugs	.20 per pair

**SUITS:**

Fluorescent First Responder Kappler Level A Suit	900.00 per suit
If Decon is Possible	210.00 per use
Green Kappler Level B Suit	135.00 per suit
Yellow Hooded Tyvek-PE Coated	27.00 per suit
Yellow Non-Hooded Tyvek-PE Coated	21.00 per suit
White Hooded Tyvek	10.50 per suit
White Non-Hooded Tyvek	8.50 per suit
Yellow Booties	5.75 per pair

**BREATHING APPARATUSES:**

Self Contained Breathing Apparatus (SCBA)	135.00 per use
additional Oxygen bottle	16.00 per bottle
Powered Air Purifying Full Face Respirator (PAPR)	125.00 per day
Air Supplied Respirator and Octopus Box	65.00 per day

**Pricing Page (continued)**

**PERSONAL PROTECTIVE EQUIPMENT (Continue)**

Cascade Air Supplied per man plus Egress Pack	38.00 per day
additional Egress pack	5.00 per pack
additional Breathing Air	32.00 per bottle
3M Chemical/Mechanical Half Face Respirator	8.00 per day
3M Chemical Mechanical Full Face Respirator	21.00 per day
3M Dust Masks	2.75 per mask
Organic Vapor Cartridge	16.00 per pair
Acid Gas Cartridge	13.00 per pair
Organic Vapor/Acid Gas Cartridge	16.00 per pair
HEPA Cartridge	10.50 per pair

**MISCELLANEOUS SUPPLIES:**

Absorbent Blankets for Petroleum	190.00 per roll
Absorbent Booms for Petroleum 10'	51.00 per boom
Absorbent Booms for Petroleum 20'	92.00 per boom
Absorbent Pads for Petroleum 18" x 18"	1.05 per pad
Absorbent Pads for Acid	1.60 per pad
Ag Lime, 50# bag	6.00 per bag
Asbestos Bags	.50 per bag
Caution Tape	9.50 per roll
Concrete, 50# bag	7.00 per bag
Disposable Camera/Photo Development	21.50 per camera
Distilled Water	2.00 per gallon
Duct Tape	3.85 per roll
Fencing (plastic)	3.30 per foot
Floor Dry	9.00 per bag
Labels for Placarding (6"X6")	.20 per label
Soda Ash, 50# bag	21.50 per bag
Spade (stainless steel)	10.50 per spade
Sprag	32.50 per bag
Vermiculite	14.00 per bag
Visqueen, 6 mil, 100' roll	77.00 per roll

Emergency response rate are subject to a 4 hour minimum charge.  
Emergency rates are billed portal to portal.

**Other Expenses and Definitions:**

**Discount:** A 3% discount shall apply to all prices listed within C302046003.

**Lodging, Food and Related Expenses:** Shall be billed at \$90.00 per person, per day

**MBE Subcontracts:** Shall equal 20% of the total dollar value of the contract

**WBE Subcontracts:** Shall equal 10% of the total dollar value of the contract

**Percentage Over Net Cost for Subcontracted Services:** Formula for calculating the total price for subcontracted services, and for additional equipment, materials, and/or supplies - cost plus 10%. No other fees, charges, or hidden commissions shall be allowed or reimbursed.
